With all the cold weather we have been experiencing maybe just the thought of vacation will make us smile. Try this tip to make your refrigerator smell like new when you return from vacation. Pack each shelf with crumpled newspaper and set a cup of water on the top shelf. The newspaper will absorb the odor like magic! You can try this also if there is a smell in the refrigerator and nothing helps.

Isn't it strange how a 20 dollar bill seems like such a large amount when you donate it to church?

Did you know.....

Headphones have existed since 1920. These sensitive, uncomfortable headphones were used in early radio work.

Bees never sleep. The buzzing sound they make comes from the rapid movement of their wings, which flap 11,000 to 11,500 times a minute.

I found this very interesting..... According to AARP Bulletin, each year a handful of words and expressions become bona fide entries in the world's top English dictionaries. Of the 50 new words AARP listed in their January-February 2011 newsletter, I am listing 13. By the time our next Retreat comes around, we will be able to communicate a little better.

- **Bargainous**-Costing less than expected.
- **Buzzkill**-Person or thing that has a depressing effect.
- **Catastrophize**- To present a situation as worse than it is.
- **Cheeseball**-Lacking taste or style.
- **Freneny**-Friend with whom one has frequent conflict.
- **Green-collar**-Of or relating to workers in the environmentalist business sector.
- **Overleveraged**-Having taken too much debt.
- **Own**-To utterly defeat or humiliate.
- **Rock**-To do something in a confident flamboyant way.
- **Soft skills**-Attributes that enable someone to interact harmoniously with others.
- **Staycation**-Vacation spent at home
- **Toxic debt**-Debt that has a high risk of default
- **Truthiness**-Quality of seeming true. (What happened to either true or false? Of course this one will never apply to Christians.

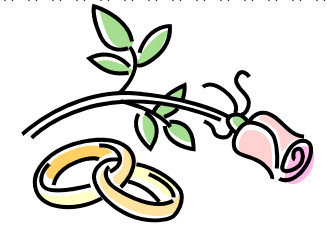

Our prayer is for good health and a prosperous new year for you and your family.

Success is..... Understanding that fear kills confidence.

The path of failure is filled with fear, yet you cannot produce one ounce of it for the eye to see or the hand to touch. Treat fear as a challenge! Combat it with God and every ounce of strength you have, and you will find that it will flee from you.

Isn't it strange how 2 hours seem so long when you're at church, and how short they seem when you're watching a good movie?
